Prolight+Sound

✖ Prolight+Sound 2006 Faital has the pleasure to announce its first European presentation of FaitalPro, a new line of neodymium high power drivers for Professional Sound applications.

FaitalPro drivers were crafted by listening to our customer's requirements and are manufactured to the highest standard of sound quality, reliability and high power handling. FaitalPro won't settle for less. We look forward to meeting you at our stand where we'll be delighted to take the time to explain our Company's latest product ideas and discuss them with you in person. You'll find us in Hall 4.1 , at Stand B37 Prolight+Sound, Frankfurt (March 29 to April 1 , 2006)
